

Welcome to your CDP Climate Change Questionnaire 2019

C0. Introduction

C0.1

(C0.1) Give a general description and introduction to your organization.

Founded in 2001, NJVC, LLC, is a wholly owned subsidiary of the Chenega Corporation, an Alaska Native Corporation (ANC). We specialize in providing secure, mission-enabled IT and communications services to large Federal Government Agencies. We deliver core competencies in data center operation and maintenance, software support services, data analytics, voice and video communications, cloud migration, enterprise management and monitoring, hybrid IT transformation & optimization, and cyber security.

NJVC, LLC provides highly reliable and efficient IT Services to customers across the Federal Government community. We consistently maintain the highest levels of service excellence by adhering to quality management principles, integrating formal customer input, and following continuous service improvement (CSI) processes. We design our suite of services to optimize the capabilities we deliver across the enterprise by focusing on value creation for our customers and their users. Our performance management and control services include Customer Relationship Management (CRM), Financial Management, Service Level Management, Service Operations Management, and Standards, Metrics, and Process Management.

C0.2

(C0.2) State the start and end date of the year for which you are reporting data.

| | Start date | End date | Indicate if you are providing emissions data for past reporting years |
|-------|--------------|---------------|---|
| Row 1 | July 1, 2018 | June 30, 2019 | No |

C0.3

(C0.3) Select the countries/regions for which you will be supplying data.

United States of America

C0.4

(C0.4) Select the currency used for all financial information disclosed throughout your response.

USD

C1. Governance

C1.1

(C1.1) Is there board-level oversight of climate-related issues within your organization?

Yes

C1.2

(C1.2) Provide the highest management-level position(s) or committee(s) with responsibility for climate-related issues.

| Name of the position(s) and/or committee(s) | Responsibility | Frequency of reporting to the board on climate-related issues |
|--|--|---|
| Other C-Suite Officer, please specify Senior VP, Corporate Compliance | Other, please specify Chenega Corporation Code of Ethics and Business Conduct Policy is written and signed by the President and CEO and available to every employee. The virtues and principles apply to Chenega Corporation, its operating companies and subsidiaries. | Annually |

C1.3

(C1.3) Do you provide incentives for the management of climate-related issues, including the attainment of targets?

No

C2. Risks and opportunities

C2.2

(C2.2) Select the option that best describes how your organization's processes for identifying, assessing, and managing climate-related issues are integrated into your overall risk management.

There are no documented processes for identifying, assessing, and managing climate-related issues

C2.2e

(C2.2e) Why does your organization not have a process in place for identifying, assessing, and managing climate-related risks and opportunities, and do you plan to introduce such a process in the future?

| | Primary reason | Please explain |
|-------|--|--|
| Row 1 | We are planning to introduce a risk identification, assessment, and management process in the next two years | NJVC does not currently own any facilities, vehicles, or produce product and is currently unable to impact changes in a meaningful way. NJVC adheres with corporate policies and is deeply committed to fostering sustainable practices, however, there is not currently a need for such a process. As NJVC looks to expand operations, a process will be formalized for identifying, assessing, and managing climate-related risks and opportunities. |

C2.3

(C2.3) Have you identified any inherent climate-related risks with the potential to have a substantive financial or strategic impact on your business?

No

C2.3b

(C2.3b) Why do you not consider your organization to be exposed to climate-related risks with the potential to have a substantive financial or strategic impact on your business?

| | Primary reason | Please explain |
|-------|--|---|
| Row 1 | Risks exist, but none with potential to have a substantive financial or strategic impact on business | NJVC's operations are not bound by a physical footprint and the vast majority of our organization performs work tasks virtually. Since NJVC does not own facilities, any location impacted by climate change would have minimal financial impact. |

C2.4

(C2.4) Have you identified any climate-related opportunities with the potential to have a substantive financial or strategic impact on your business?

No

C2.4b

(C2.4b) Why do you not consider your organization to have climate-related opportunities?

| | Primary reason | Please explain |
|-------|--|---|
| Row 1 | Opportunities exist, but none with potential to have a substantive financial or strategic impact on business | NJVC's operations are not bound by a physical footprint and the vast majority of our organization performs work tasks virtually. Since NJVC does not own facilities, any location impacted by climate change would have minimal financial impact. |

C3. Business Strategy

C3.1

(C3.1) Are climate-related issues integrated into your business strategy?

Yes

C4. Targets and performance

C4.1

(C4.1) Did you have an emissions target that was active in the reporting year?

No target

C4.1c

(C4.1c) Explain why you do not have emissions target and forecast how your emissions will change over the next five years.

| | Primary reason | Five-year forecast | Please explain |
|-------|--|---|---|
| Row 1 | Judged to be unimportant, explanation provided | NJVC will be in accordance with local, state, and federal guidelines for the next five years. Policies will be re-evaluated upon business growth requiring facilities, manufacturing, and/or vehicles. NJVC emphasizes energy efficiencies in leased spaces utilizing energy efficient lights, motion detection, and electronics. | Data was not collected during the prior year. Initiatives will be crafted and implemented during the next fiscal year to be reported and tracked against. |

C4.2

(C4.2) Provide details of other key climate-related targets not already reported in question C4.1/a/b.

C4.3

(C4.3) Did you have emissions reduction initiatives that were active within the reporting year? Note that this can include those in the planning and/or implementation phases.

No

C4.3d

(C4.3d) Why did you not have any emissions reduction initiatives active during the reporting year?

Data was not collected during the prior year. Initiatives will be crafted and implemented during the next fiscal year to be reported and tracked against.

C5. Emissions methodology

C5.2

(C5.2) Select the name of the standard, protocol, or methodology you have used to collect activity data and calculate Scope 1 and Scope 2 emissions.

US EPA Climate Leaders: Indirect Emissions from Purchases/ Sales of Electricity and Steam

C6. Emissions data

C6.1

(C6.1) What were your organization's gross global Scope 1 emissions in metric tons CO₂e?

Reporting year

Gross global Scope 1 emissions (metric tons CO₂e)

0

Start date

July 1, 2018

End date

June 30, 2019

Comment

NJVC did not have any scope 1 emissions during this period.

C6.2

(C6.2) Describe your organization's approach to reporting Scope 2 emissions.

Row 1

Scope 2, location-based

We are reporting a Scope 2, location-based figure

Scope 2, market-based

We have no operations where we are able to access electricity supplier emission factors or residual emissions factors and are unable to report a Scope 2, market-based figure

Comment

C6.3

(C6.3) What were your organization's gross global Scope 2 emissions in metric tons CO₂e?

Reporting year

Scope 2, location-based

291

Start date

July 1, 2018

End date

June 30, 2019

Comment

Calculated utilizing <https://www.epa.gov/energy/greenhouse-gas-equivalencies-calculator>

C6.5

(C6.5) Account for your organization's Scope 3 emissions, disclosing and explaining any exclusions.

Purchased goods and services

Evaluation status

Not evaluated

Explanation

Data will be captured in the following year for action and reporting.

Capital goods

Evaluation status

Not evaluated

Explanation

Data will be captured in the following year for action and reporting.

Fuel-and-energy-related activities (not included in Scope 1 or 2)

Evaluation status

Not relevant, explanation provided

Explanation

Activity, not part of NJVC's business

Upstream transportation and distribution

Evaluation status

Not relevant, explanation provided

Explanation

Activity, not part of NJVC's business

Waste generated in operations

Evaluation status

Not evaluated

Explanation

Data will be captured in the following year for action and reporting.

Business travel

Evaluation status

Not evaluated

Explanation

Data will be captured in the following year for action and reporting.

Employee commuting

Evaluation status

Not evaluated

Explanation

Data will be captured in the following year for action and reporting.

Upstream leased assets

Evaluation status

Not evaluated

Explanation

Data will be captured in the following year for action and reporting.

Downstream transportation and distribution

Evaluation status

Not relevant, explanation provided

Explanation

Activity, not part of NJVC's business

Processing of sold products

Evaluation status

Not relevant, explanation provided

Explanation

Activity, not part of NJVC's business

Use of sold products

Evaluation status

Not relevant, explanation provided

Explanation

Activity, not part of NJVC's business

End of life treatment of sold products

Evaluation status

Not relevant, explanation provided

Explanation

Activity, not part of NJVC's business

Downstream leased assets

Evaluation status

Not relevant, explanation provided

Explanation

Activity, not part of NJVC's business

Franchises

Evaluation status

Not relevant, explanation provided

Explanation

Activity, not part of NJVC's business

Investments

Evaluation status

Not evaluated

Explanation

N/A

Other (upstream)

Evaluation status

Not evaluated

Explanation

N/A

Other (downstream)

Evaluation status

Not evaluated

Explanation

N/A

C6.10

(C6.10) Describe your gross global combined Scope 1 and 2 emissions for the reporting year in metric tons CO₂e per unit currency total revenue and provide any additional intensity metrics that are appropriate to your business operations.

Intensity figure

1.2

Metric numerator (Gross global combined Scope 1 and 2 emissions)

291

Metric denominator

full time equivalent (FTE) employee

Metric denominator: Unit total

243

Scope 2 figure used

Location-based

% change from previous year

0

Direction of change

No change

Reason for change

Not previously measured

C7. Emissions breakdowns

C7.9

(C7.9) How do your gross global emissions (Scope 1 and 2 combined) for the reporting year compare to those of the previous reporting year?

This is our first year of reporting, so we cannot compare to last year

C8. Energy

C8.2

(C8.2) Select which energy-related activities your organization has undertaken.

| | Indicate whether your organization undertakes this energy-related activity |
|--|--|
| Consumption of fuel (excluding feedstocks) | No |
| Consumption of purchased or acquired electricity | Yes |
| Consumption of purchased or acquired heat | Yes |
| Consumption of purchased or acquired steam | No |
| Consumption of purchased or acquired cooling | Yes |
| Generation of electricity, heat, steam, or cooling | No |

C8.2a

(C8.2a) Report your organization's energy consumption totals (excluding feedstocks) in MWh.

| | MWh from renewable sources | MWh from non-renewable sources | Total MWh |
|--|----------------------------|--------------------------------|-----------|
| Consumption of purchased or acquired electricity | | 185,050 | |
| Consumption of purchased or acquired heat | | 98,694 | |
| Consumption of purchased or acquired cooling | | 127,479 | |
| Total energy consumption | | 411,223 | |

C12. Engagement

C12.1

(C12.1) Do you engage with your value chain on climate-related issues?
